# T-Trak Modular Railroading

What is T-Trak?

- New approach to modular layouts
- Primarily N-Scale
- Module specification based around Kato Unitrack
- Basic module is small – 12 1/8" x 14"
  - Easy to store
  - Easy to transport
- Flexible size standards allow larger modules
- Snap-together modules
- Designed so that layout can be set up on tables
  - Or floor, or benchwork…
- Electrical interface standards
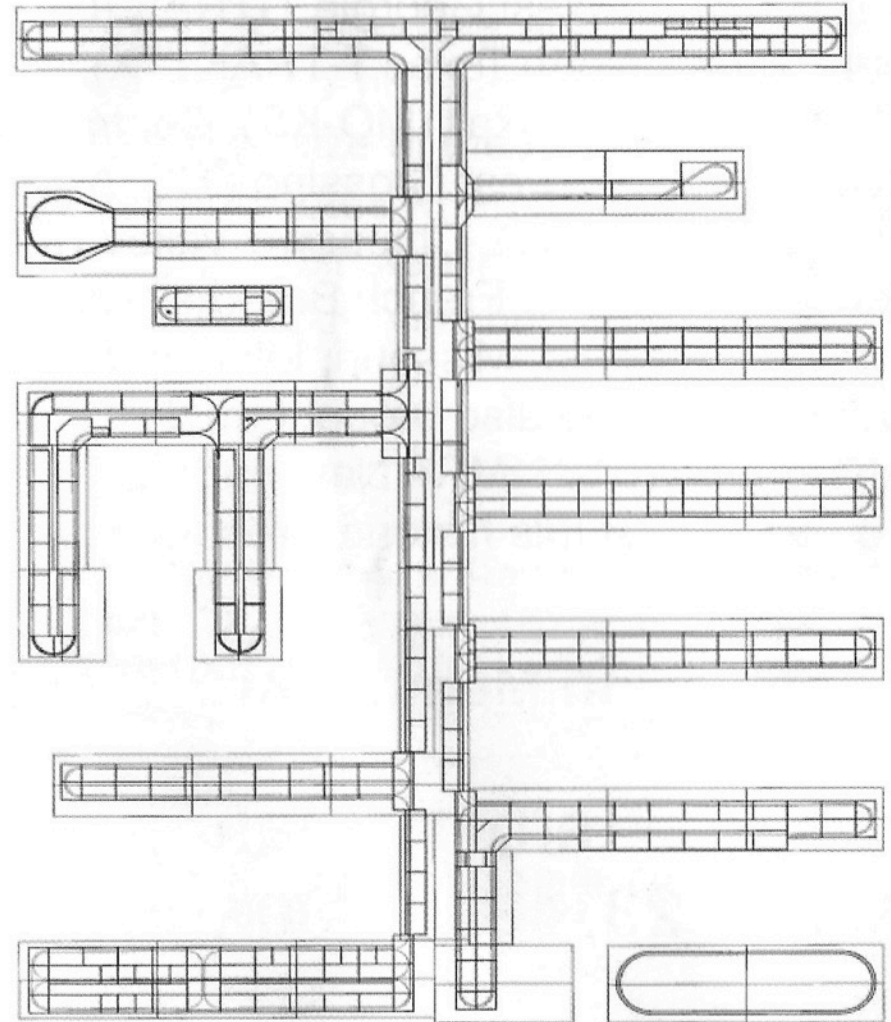

Standard Basic T-Trak Module

Other standard modules
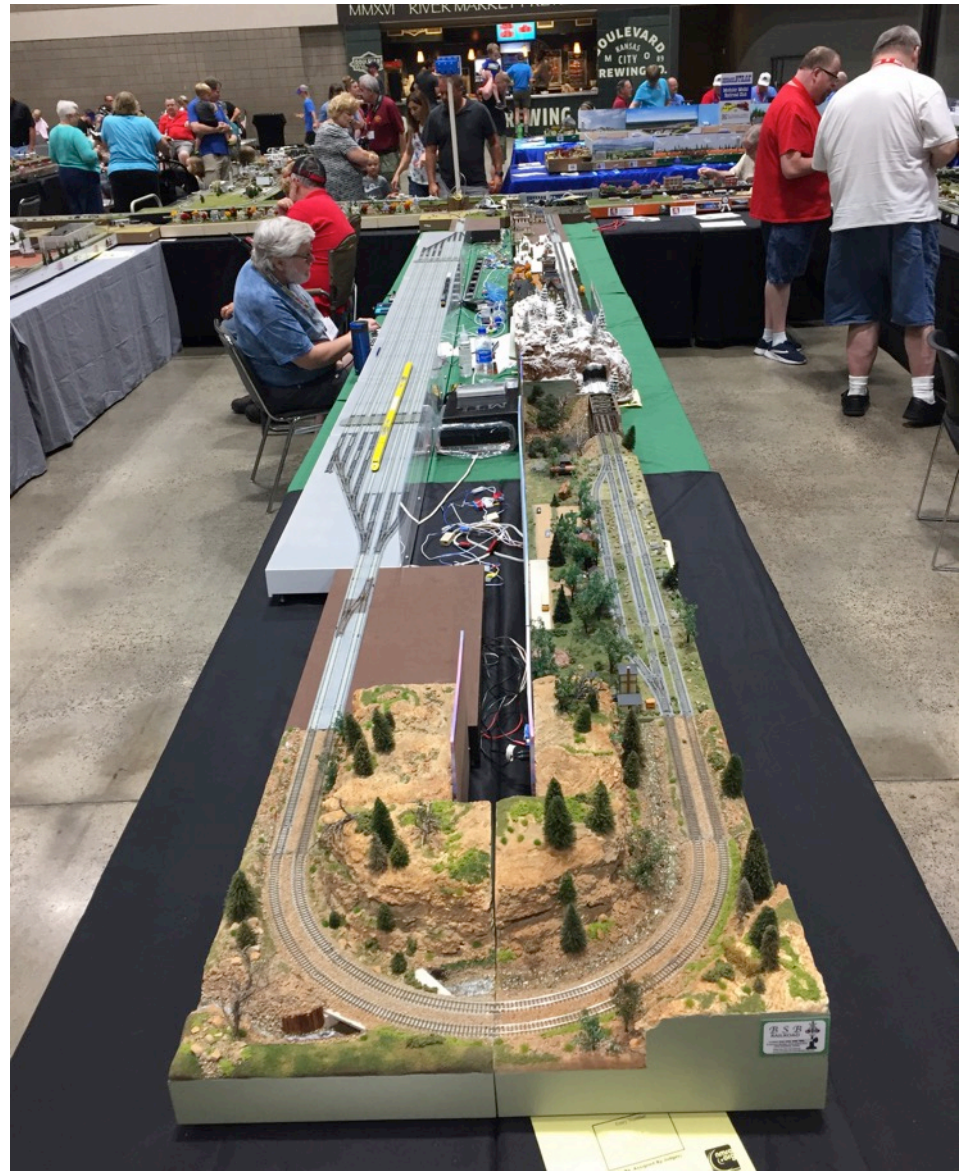

Kansas City World Record T-Trak Layout

- 330 modules
- 50' x 70'
- 25 scale miles
- 20 clubs
- multiple individuals
