DIVISION 4

THE NORTH COAST DIVISION

OUR NEXT REGULAR MEETING WILL BE **FRIDAY, OCTOBER 14, 2022**

6:00pm Social Time - Meeting starts at 6:30pm

RailPictures.Net - Image Copyright SpeedShot Train Photography

WHEN & WHERE WE MEET

The North Coast Division holds 10 meetings a year (none in July and August). Meetings are on the **2nd Friday of each month**.

A social half hour starts at 6:00 p.m. followed by a short business meeting at 6:30. After a short break, a railroad themed raffle and clinic complete the typical agenda. Starting September, 2020, the meetings are held at the **Westlake City Recreation Center**, 28955 Hilliard Blvd, Westlake, OH 44145. Visitors are welcome to attend any meeting.

The Division's newsletter, *The Flatwheel* is published monthly (except during July and August) by Division 4 of the Mid-Central Region (MCR) of the National Model Railroad Association (NMRA). All comments are welcome.

Views expressed in *The Flatwheel* do not necessarily reflect the opinion of the NMRA, MCR, or Division 4.

The Flatwheel is typically electronically published no later than the Monday preceding the monthly meeting. **Submissions are due no later than the 26th of the prior month**, for example, August 26th for the September *Flatwheel*.

FROM THE SUPER

Greeting from Cab.

My comments will be short and to the point this month.

It is official -Division 4 will host the 2024 MCR convention. Request for those interested in working on the convention committee will be forth coming. Location to be determined as several venues are being considered.

David James and his crew are busy preparing for the Great Berea Train Show. Looking forward to another great show. Any help on Thursday evening and Friday morning for set up would be appreciated.

Also, Gary Schaefer will be gearing up for Training Days and will be looking for help. Please give a hand if you are available.

John Witt has scheduled the Fall layout tours. Please take the time to enjoy some fine layouts.

The Rails to Pittsburgh web site is up and running for the 2023 MCR Regional Convention. This should be a good event and worthy of your consideration.

The MCR board of directors meet on September the 16th. Very proud of our division. Membership and meeting attendance is good. Quality programs and a great meeting location.

Just a reminder to the membership that request for gift cards claiming to represent an officer of the division is a scam. Please ignore.

The fabulous modular group will be very active for the next three months. As a group we should really appreciate all the that the group does for the division.

Well, the train is pulling into the yard and this run is over.

Until next time,

Ron Morgan

MODULE GROUP

Greetings Fellow Model Railroaders!

It is officially Fall! The days may be getting shorter but the module group is in full swing with displaying the layout at various events! We just wrapped up our displays at the Cuyahoga County Fair and Cleveland Oktoberfest. Both events saw a considerable amount of people visiting the layout at both events. Several applications to the NMRA as well as flyers for the Great Berea Train Show (GBTS) were picked up by the general public. Hopefully, those flyers translate into a few new members as well as additional attendees of the GBTS.

Speaking of the GBTS, the module group will once again be set up in our typical location. Be sure to stop by and say hello during the event.

As always, anyone interested in joining the Module Group, please contact me at woo3482@hotmail.com. I will add you to the module group email list and you will receive all of the latest information regarding upcoming events, operating schedules, etc.

Until next time!

COMPANY STORE

If you're looking to get a Division 4 shirt or ball cap, the Company Store can help you. The order form is available at the Division 4 website and at our meetings. Email me with your order when I'm not at the meeting.

The Company Store is now managing the FastTracks turnout tools library. We have an inventory of jigs, tools and supplies for use by members. We have HO Code 83 jigs for #4, #5, #6 and #8 turnouts (left or right), #6 Gantlet, and #6 crossovers (single or double). Plus all supplies including the Quicksticks. They will be available at Division 4 meetings, but contact Scott Benson, 440-567-9089, sbenson440@zoominternet.net to arrange to borrow what you need.

We also have our DVD loaning library, mostly covering modeling techniques. DVD loans are free to Division 4 members.

Scott Benson

CONTEST TABLE

The phrase, "gentlemen, start your engines", is used in auto racing but the phrase "whistle off", denotes the beginning of a rail journey. The new model contest session "whistled off" with eight participants and over fifty members voting for their favorite pick of the entries. The subject for the contest was articulated steam engines. Sorry to all of you diesel fans but you will get your turn.

The contest winners for the model category are. Jim Grell taking first place. Frank Bongevani with a great vintage brass engine took second and Steve Riddlebaugh's fine entry took third place. The diorama winners are, Joe Filipiak with his little engine/ big engine display, placing first place. Dave Williams entry with snow in the mountains took second place and third place went to "Mr. Cheerios", Dave Lawler. Thank you to all those who entered and or voted in the model contest.

The October contest subject is a wood sided rail car with metal outside bracing. The challenge is to use a car other than a common box car. Gondolas, hoppers, and even some cabooses can be used, and yes, you can enter a cattle car if you want to. I think it will be interesting to see the variety of entries for this contest. You have a couple of weeks before the next meeting so dig around in your collection of railroad "goodies" and plan on entering something in the October contest.

Joe Filipiak

CLINIC CORNER

OCTOBER

October's clinic will be by John Hemsath. The clinic is titled "Easy Super Detailing a Boxcar." John will go over his tricks on how to turn a ordinary boxcar into an eye-catcher. Something we can all use to make our most recent GBTS purchases into standouts on our layout.

NOVEMBER

November's clinic is still being scheduled. We hope to have a short presentation on the 2023 Mid Central Regional Convention in Pittsburgh in May. This will be followed by a short clinic still being planned.

If you have a short clinic you'd like to present in November please contact me.

FUTURE CLINICS

I'm always looking for Clinics. If you have a topic you'd like to present please contact me. If you need help putting a clinic together, let me know and I can help you put one together and help get points toward your AP certificate. If you have a topic you would like to see presented, let me know. I'm hoping to get some people I met at the Indy Regional and St. Louis National to do presentations remotely.

Jerry Krueger

RAFFLE

Greetings Fellow Model Railroaders!

Fall is upon us and with it comes the monthly raffle back in full swing! Several new model railroad items were acquired throughout the year and are ready to be raffled off! As always, there will be sometime for everyone each month! Please remember that the meetings are scheduled to begin at 6:30pm and the we must out of the building by 9:00pm. We would like to give the scheduled presenter plenty of time for the clinic so purchase your tickets early! Ticket sales begin around 6:00pm, sometimes sooner.

Also don't forget about the big end of the year raffle which takes place at the Annual Awards Banquet. Several high value items, multiple car sets, mystery items, and gift baskets will be up for grabs. Don't miss out!

Until next time!

T-TRAK Call for Modules

This Call for Modules is intended for those T-TRAK modelers that might be interested in attending the “Rails to Pittsburgh”, NMRA Mid Central Regional Convention hosted by the Keystone Division.

The convention will be presented at The Doubletree by Hilton at Cranberry in a suburb of Pittsburgh on May 4-7, 2023.

The large layout will be hosted by the convention as an invitational layout and will be open to all modelers attending the convention.

The layout will occupy half of one of the hotel’s Banquet Halls, in a room 64’ by 60’ and tentatively will be a three branch E shaped layout. The layout plan will support 80 double equivalent modules.

This Call for Modules is particularly directed at T-TRAKers residing in western Pennsylvania, western New York and northern Ohio areas.

If you are interested in participating in this invitational Layout, please send an email to

bdemaeyer@att.net

Information about the Convention can be found at

ABOUT US

We are Division 4 of the Mid-Central Region of the National Model Railroad Association. (DIV-4 MCR NMRA).

With more than 200 members from Cuyahoga, Erie, Huron, Lorain and Medina counties in the state of Ohio.

The North Coast Division meetings are normally held on the second Friday of the month, to hear guest speakers, share skills, have railroad related clinics, and to share common problems and successes. Many of us get together informally in round-robin sessions to operate and work on each other's layouts, or just talk railroads and modeling.
