DIVISION 4

THE NORTH COAST DIVISION

OUR NEXT REGULAR MEETING WILL BE

FRIDAY, MAY 9, 2025

6:30pm Set Up/Social Time - Meeting starts at 7:00pm

RailPictures.Net - Image Copyright SpeedShot Train Photography

WHEN & WHERE WE MEET

The North Coast Division holds 10 meetings a year (none in July and August). Meetings are on the **2nd Friday of each**

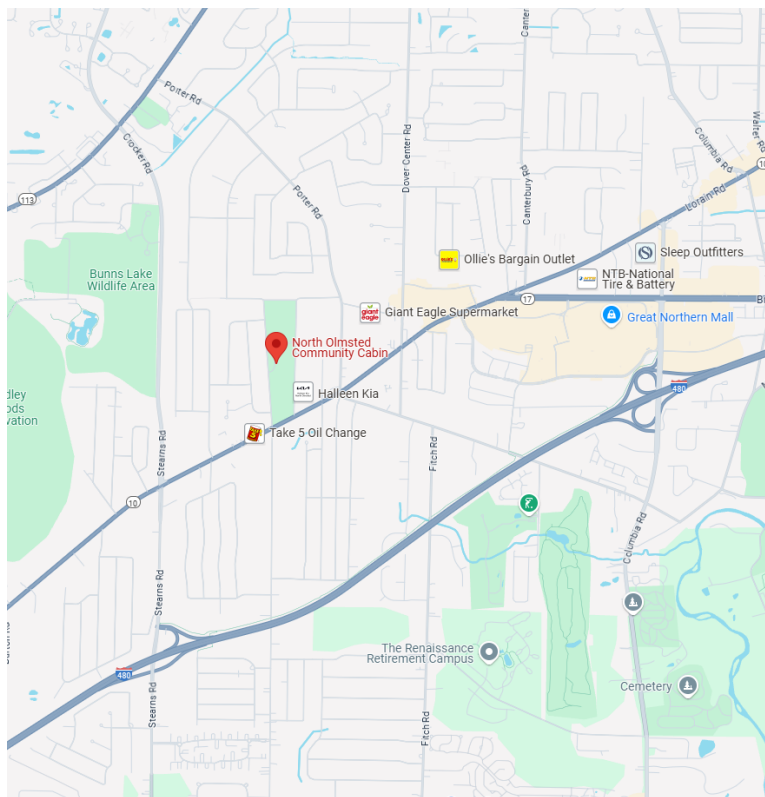

month. A set up/social half hour starts at 6:30 p.m. followed by a short business meeting at 7:00. After a short break, a railroad themed raffle and clinic complete the typical agenda. Starting January, 2025, the meetings are held at the **North Olmsted Community Cabin**, 28114 Lorain Rd, North Olmsted, OH 44070. Visitors are welcome to attend any meeting.

The Division's newsletter, *The Flatwheel* is published monthly (except during July and August) by Division 4 of the Mid-Central Region (MCR) of the National Model Railroad Association (NMRA). All comments are welcome.

Views expressed in *The Flatwheel* do not necessarily reflect the opinion of the NMRA, MCR, or Division 4.

The Flatwheel is typically electronically published no later than the Monday preceding the monthly meeting. **Submissions are due no later than the 26th of the prior month**, for example, August 26th for the September *Flatwheel*.

Unaccredited photos courtesy of the editor or staff photographer Dave Williams.

GREETINGS FROM THE CAB

Greetings from the cab.

Big thank you to all the members who helped setup for the April meeting and to those who cleaned up after the meeting. I am very proud of the members of this division. Second to none!

There will be signup sheets for the division picnic in June at the May meeting along with signup sheets for The Great Berea Train in October. Kindly sign up so Larry can have an idea for planning purposes for the picnic and we have an early idea the kind of help will have for the show.

A revised copy of the Division 4 By-laws will be going out to the membership for review before the May meeting. I will be asking for the membership's approval at the May meeting. The current bylaws can be found on the Div. 4 website under "ABOUT"

Also, at the May meeting we will decide about the pizza party month, the biannual auction month, and whether or not to have both a meeting and picnic in June. Let's put these issues behind us and move on.

Remember layout tours are Sunday May 4 2025 from 12:20pm to 4:30pm. Looking forward to having my layout open.

I will be bringing Jim Stevesons books to the May meeting. Books will be \$5.00 per book, or 5 for \$20.00. A very good deal!

Columbus continues to prepare for the 2025 regional convention. Dates for the Columbus convention are May 15th thru 18th . If you have not yet signed up for the Columbus convention, please consider doing so. Speaking of conventions, just a reminder the National Convention will be held in Novi Michigan on July 14th thru 19th , just several hours away. A great opportunity to attend a national convention. I am registered and am looking forward to attending.

Well, the train is pulling into the yard and another run is over.

That's all I have for this month.

Ron Morgan

Meeting Minutes

Division 4, MCR, NMRA General Meeting Minutes, April 11, 2025 North Olmsted Cabin

Superintendent, Ron Morgan opened meeting at precisely 7:00 pm. He welcomed everyone to our 3rd meeting at the cabin. Then he asked for new members and visitors to stand and introduce themselves. Tom Fedinets from Amherst who models HO is a new member. Jacob Dickson, a visitor from Strongsville also stood up. Ron welcomed them to our meeting.

A motion was made by Dino Peris to accept the minutes of the previous meeting. Brian Haas seconded the motion. The Division carried the motion and the minutes of the previous meeting will be accepted.

Treasurer, Greg Noeth gave a report on the balances of all our accounts.

There is a bunch of free stuff on the back table. Please help yourself. Anything left over tonight will be thrown away.

Old Business:

The following items are being brought up for consideration to be voted on at May's meeting.

- Moving pizza party to February to avoid timing with Lent.
- Moving Auction to March of every other year to compensate for Pizza Party move.
- Moving Appreciation Dinner to November for National Model Railroad month. A suggestion from the floor to consider January also. The module group is slower at that time and then everyone can attend.
- June Meeting- do we want to meet Friday and have picnic on Saturday? Do both Meeting (a brief one), and picnic on the Saturday?

Changes made to the Division 4 By Laws - Ron Morgan - Ron went over correction made to the By Laws. Members will be able to see them on the Division website.

New Business:

Division 4 Audit - Ron Morgan - Audit will be conducted in May with results presented at June Meeting. Gary Sole has agreed to chair the audit with assistance from Bill Cramer. Location is to be determined.

Meeting Minutes

One Day Outing for Division - Ron Morgan - A trip to the Trolley Museum in Washington, PA is being looked into. It would be a bus ride there, lunch (on our own), tour the museum, dinner (on our own), and bus ride back to home. Ron asked for a show of hands if interested. Lots of hands went up.

Working on Any Cool Projects - Ron Morgan - None tonight.

Committee Reports:

Flat Wheel Deadline - Don Oleksa - get articles to Don by April 26th for the May Flatwheel.

Clinics - Jerry Kruger - Tonight's Clinic is Jerry on Galesburg, IL. A look back at scale sound system. Also, if anyone is interested Division 2 is doing a Jamboree on May 3rd. If anyone wants to go, so does Jerry.

Company Store - Scott Benson - Nothing tonight

Raffle - Adam Woodie - Back after a little break. Got items over here, come by, buy some tickets. Raffle will be held 10 minutes after the close of the meeting.

Module Group - Adam Woodie - Things are slow right now, but really start to roll in the summer.

T-Track - Ramhog Shearer - N-Scale is being encouraged by the NMRA to be part of the Divisions. Ram has enough to display for the whole Division and is willing to take on the lead role of handling the N-Scale displays.

Layouts and tours - John Witt, MMR - Spring Tours are coming up. If you are interested in displaying your layout please let John know.

AP Awards - John Hemsath, MMR - nothing

Great Berea Train Show - Chris Shick - David James, Chuck, and I ran off the new applications (updated by Craig Butler), addressed, stuffed, stamped the envelopes, and got them in the mail. As of tonight, we already have 2 responses. Non-profits will go out as soon as the updates are made to their applications. My thanks to Chuck for making a data base which is going to make check in and keeping track of vendors easier.

Contest - Joe Filipiak - Last month's contest was Steam engine used to pull named passenger train. Winners from last month are:

Meeting Minutes

Streamlined Steam Engine

Model	1st	Joe Kurilec, MMR
	2nd	Dave Lawler
	3rd	George Gelehrter

Non-Streamlined Steam Engine

Model	1st	Joe Kurilec, MMR
	2nd	Joe Filipiak
	3rd	Dino Peris
Diorama	1st	John Hughes
	2nd	David Willliams
	3rd	Joe Filipiak

Next Month is the final Contest of this Season: Toilet paper roll(s) used to build something in Railroad Theme. Next Season's Contest will be announced at May's Meeting. Here's a teaser... one month will be Gondolas.

Comments/ Concerns - Ron Morgan

- Remember free stuff on back table.
- Sign up for picnic on front table.
- Welcome back to Art Bumpus, Tom McInerney, and Mike Oster. Great to see you all!
- Ron will have the rest of Jim Stevenson's books at next meeting.

Brian Haas made a motion to adjourn the meeting. Dino Peris seconded the motion. The Division carried the motion and meeting closed at 7:44 pm.

Respectfully Submitted,
Chris Shick

MODULE GROUP

Greetings Fellow Model Railroaders!

Things continue to be rather quiet for the module group as Spring is upon us. However, don't forget that the module group will be travelling to Novi, Michigan to attend the National Train Show which is held in conjunction with the NMRA National Convention. This event will take place on Saturday, July 19th and Sunday, June 20th. Set up will take place on Friday, July 18th.

After the National Train Show, the module group will once again be displaying at the Cuyahoga County Fair. This event will take place beginning on August 5th and conclude on Sunday, August 10th.

Be sure to come on out and see us at any of the upcoming events. As always, anyone interested in joining the module group, please contact me at woo3482@hotmail.com.

Until next time!

Adam "Hot Box" Woodie

Adam "Hot Box" Woodie

COMPANY STORE

Company Store

We still have the Division 4 convention cars (Accurail 40' boxcar) for sale. These are lettered for the Cleveland, Sandusky and Southern Railroad (the modular layout railroad).

Also available at \$25 each:

The Division 7 Accurail N&W 2-bay covered hopper (3 available, different #'s)

Reminders:

The Company Store also manages:

- Shirt and hat sales – let me know if you want to order a Division 4 shirt.
- FastTracks jig loans – always helpful if I know before the meeting if you'd like to check one out. We have (all Code 83) #4, #6 and #8 turnouts, cross-over/double cross-over, and gantlet jigs
- DVD library – lots of nice DVDs on modelling techniques available to borrow at each meeting

Scott Benson

CONTEST TABLE

Hats off to those who entered roof off or side off contest entries of buildings that showed finished interiors. Thanks to all those who voted. Because you voted, these results were made possible. First place in the model entries went to Joe Kurilec with a building containing a huge amount of pieces inside. What a sight to see. Jim Grill's skill was evident in his entry that was voted into second place. Brian Haas with his side off entry came in third place. The results for the dioramas saw John Puch and Joe Filipiak tied for first place. Joe's entry was the Grafton railroad tower, complete with armstrong switching machines and an operator to use them. Quality work was evident in Craig Butler's second place entry. A first happened in our contests with a visitor who knew about the contest subject matter and entered a diorama in, wait for it, Z scale! Thank you Rich Nohta for winning third place. Hopefully, we will see Rich join us soon as a new member.

The last contest of the season is the toilet paper cardboard tube structure. You can cut the tubes up, join them together, put trucks under them or make a load out of them. Tracksides structures like tanks or grain elevators are just some of the possibilities. Your imagination is your only restriction!

The full list of next season's contest subject matter will be announced at the May meeting. I did reveal one of next season's contests, the gondola. The hopper car that never grew up. Research of the use of gondolas through the years and various industrial uses should reveal an entry for you. See, that wasn't so hard. The seven other contest subject matters will be given out at the May meeting including the "Project 20" subject. Well, I have to get back to weighting my toilet paper project so they don't "roll" off the track.

Joe Filipiak

CLINICS

MAY

May's program is by Brian Weisman. Brian has digitized photos he took in the 1970s of the B&O and Norfolk and Western in Cleveland, Lorain and Northeast Ohio. Brian's presentation will be an interesting look back through the years.

FUTURE CLINICS

I'm always looking for Clinics. I'm currently looking for clinics to schedule for the 2025-2026 meeting year. If you have a topic you'd like to present please contact me. If you need help putting a clinic together, let me know and I can help you put one together and help get points toward your AP certificate. If you have a topic you would like to see presented, let me know.

RAFFLE

Greetings Fellow Model Railroaders!

April saw the return of the monthly raffle! May will be no different with another great monthly raffle. Raffle tickets will be for sale before the business meeting. Winning tickets will be drawn shortly after the conclusion of the business meeting. As always, there is something for everyone!

Until next time!

Adam "Hot Box" Woodie

Adam "Hot Box" Woodie

Spring Layout Tours

ALL ABOARD !! Division 4 spring layout tours

Sunday May 4th – 12:30 to 4:30 layout open houses

There are 4 layouts open, as well as the Depot Layout

Please note that the Addresses for these tours are on the “Members Only” section for our “div4.org” site

Mark Pekelnicky will show us his progress on the new – Conrail Adrian Secondary. After the convention, Mark tore down his multi-room layout and is building a new one. He would like to show his progress. Trackage was recently completed on this multi-deck Norex style layout allowing trains to run for the first time. Great opportunity to see a layout being built.

Joe Kurilec has been busy adding to his Erie Plate RR - with his new “peninsula” which includes his engine facility and a huge amount of details.. You can see his award winning engines on display, as well as some of his dioramas, now “built into’ the layout.”

Ron Morgan and his expansive Union Pacific RR , Western Division set in Wyoming scenery . It features long track runs with long trains through great scenery. Ron added signaling on his main lines, and more lighted vehicles through out, and a huge Ethanol plant and yard.

John Puch – and the Union Valley Central. Trains run through the coal fields of Pennsylvania and Ohio and is a freight and coal hauling RR set in 1960/70. Multiple industries located in 6 towns, and detail scenes throughout the layout.

And don't forget **the Olmsted Falls Depot and Museum**. Club has their open house 10 to 4 on that Sunday

Addresses are on the “[Div4.org](http://div4.org)” website in the “Members Only” section.

Buckeye Express

BUCKEYE EXPRESS 2025

<https://buckeyeexpress.div6-mcr-nmra.org/Main.html>

Hello Division 4!

Division 6 – the Buckeye Division – is proud to host the 2025 Mid-Central Region Convention in the original home of the National Model Railroad Association (NMRA) – Columbus Ohio!

The Buckeye Express convention will take place May 15 - 18, 2025. Registration cost is only \$80, with a discounted rate for family members. Hotel reservations are available at a great price – however, our special room price closing deadline is on 4/23 – so register soon! Our website (linked above) has all of the details.

This gathering of NMRA members and modelers is an exciting place to learn more about model railroad methods (from scenery to electronics), see model railroads, talk about model railroads, operate model railroads, and learn more about the prototype. What's more fun than talking with other modelers who love trains and the hobby as much as you do? Learn, share, and get really “hands on” with all elements of your hobby. You will most certainly meet new friends (and old) while you're here!

Read on for what we have planned:

- Clinics. Sit in on an expansive lineup of learning sessions that will engage your modeling and prototype interests. We will have three clinic rooms with continuous learning sessions on a variety of topics – many of which will have multiple timeslots so you won't miss a thing. In addition, we will have several extra-fare “hands-on” sessions. Check out the list of clinics on the above linked website – and check back often to catch the updates.
- Celebration of Modeling room. Bring your favorite models for display, and get feedback from experienced modelers to encourage your interests and skill.
- Layout Tours. More than twenty private home layouts will be open for tours. We'll also have three stunning public club layouts open. This is a great way to gather ideas, techniques, and inspiration to use on your personal layout.
- Operating Sessions. Experience running a model railroad transportation system as envisioned by modelers for their personal or club layouts. Enjoy the challenge, fun, and (again), inspiration for your layout. Space is limited – sign up soon! Examples of the operating layouts are here: <https://www.operatingsessions.com/L/buckeye>

Buckeye Express

- T-TRAK-N. We will be gathering T-TRAK-N N scale modules to create a layout right at the Buckeye Express convention site. Learn about this creative way to collaborate with other modelers, and get involved in another great way to share your hobby.
- Company Store and Yard Sale. The Yard Sale room gives you an opportunity to sell items that you no longer need – and buy items that you need. The Company Store is the place to pick up your convention car – we have two!
- Banquet. The banquet is a great place to discuss the convention, or simply chit-chat with those who attended the convention with you - another place to meet a new friend. Our banquet speaker is Stu Nicholson, the former executive director of All Aboard Ohio and current director on the Rail Passenger Association Board. Stu will discuss the importance of passenger rail service today.

Other amenities include FREE parking, made-to-order FREE breakfast, and an evening reception that includes two FREE drinks (and snacks) for overnight guests.

Outside of the Buckeye Express convention site, the Columbus area features three hobby shops specializing in model trains, plus two of the premier shopping areas in the Midwest, including an IKEA (a store custom-made to provide more ways to store your stuff).

General Interest activities (not rail-related), include the National Veterans Memorial and Museum, Franklin Park Conservatory (two thumbs up), the Columbus Zoo, and many others. If you need a break from modeling topics, you'll find plenty of other things to do. See our website for additional suggestions.

The Buckeye Express convention is a great way to engage with your hobby, whether you're just starting or have been doing it for years. You will meet like-minded hobbyists, juice up your modeling motivation, and probably go home with a bag full of new goodies. If you haven't registered yet, consider doing so now - and Join us in May!

Thanks,

Buckeye Express Convention Committee

For more details and to register see:

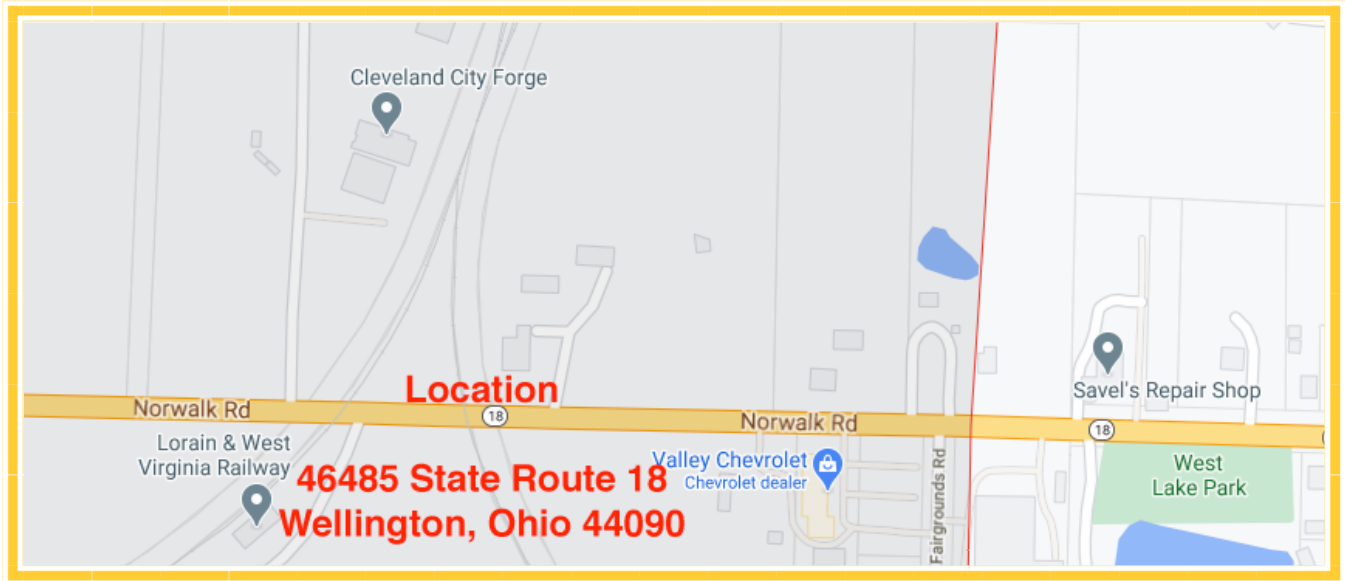

<https://buckeyeexpress.div6-mcr-nmra.org/Main.html>

A TRIP TO THE LORAIN & WEST VIRGINIA RAILROAD

By Joe Kurilec, MMR®

On a trip to Wellington, Ohio I found the L&WV Railroad Station with a lot on interesting things to see. A trip there is really worth it.

<https://www.lwvry.org/>

Map of Wellington, Ohio

The L&WV Railroad station is easy to spot from route 18.

A TRIP TO THE LORAIN & WEST VIRGINIA RAILROAD

By Joe Kurilec, MMR®

Motive power and some of the equipment on site.

I think the L&WVRR runs trips in better weather or special events

A TRIP TO THE LORAIN & WEST VIRGINIA RAILROAD

By Joe Kurilec, MMR®

Some of the RR items by the station.

Across the street from the station is a NKP 0-6-0 in VERY bad shape. I'm sure the Age of Steam Roundhouse in Sugarcreek, Ohio could work wonders with this loco. Somewhere in the late 1960's, this engine was in a park in Elyria, Ohio.

A TRIP TO THE LORAIN & WEST VIRGINIA RAILROAD

By Joe Kurilec, MMR®

The cab and other parts are located behind the 0-6-0. At least the drivers are in the correct position for this photo!

The tender seems to be in fair shape.

WHAT'S NEW

WalthersCornerstone plastic pellet plant

Price: \$99.98

Manufacturer: Wm. K. Walthers Inc., 5601 W. Florist Ave., Milwaukee, WI 53218; 414-527-0770; walthers.com

Plastic pellet plant features:

- Large brick and metal processing structure with truck-loading doors, front office doors and windows, and rooftop air conditioners
- Four tall storage silos
- Loading rack with piping for two railroad cars
- Overhead walkways
- Molded in six colors

Release date: Spring 2025

WHAT'S NEW?

WalthersProto 85-foot heavyweight paired window coach

Price: \$109.98

Manufacturer: Wm. K. Walthers Inc., 5601 W. Florist Ave., Milwaukee, WI 53218; 414-527-0770; walthers.com

85-foot heavyweight paired window coach features:

- Detailed interior with factory-equipped overhead Light-Emitting Diode (LED) illumination
- Factory-installed grab irons
- Detailed underbody includes separate brake gear, steam traps, and generator
- Also available unlettered in green paint scheme

Release date: Fall 2025

Road names: Chesapeake & Ohio, Milwaukee Road, New York Central, and Union Pacific.

WHAT'S NEW

Athearn Genesis International Car Company caboose

Price: \$134.99; with sound, \$174.99

Manufacturer: Athearn Trains, 2904 Research Rd., Champaign, IL 61822; 800-338-4639; athearn.com

International Car Company caboose features:

- Interior seating
- See-through end platforms and steps
- Etched metal window screens on door and some side windows
- Available in multiple Baltimore & Ohio schemes, and Athearn USA 250th Anniversary scheme
- Flush window glazing

Release date: November 2026

Road names: Baltimore & Ohio

WHAT'S NEW

Athearn Genesis Trinity 5161 covered hopper

Price: Single car, \$64.99; three-pack, \$149.99

Manufacturer: Athearn Trains, 2904 Research Rd., Champaign, IL 61822; 800-338-4639; athearn.com

Trinity 5161 covered hopper features:

- Separate brake cylinder, valve, and air reservoir with wire brake plumbing
- Separately applied end cages and etched-metal crossover platforms
- Etched-metal running boards

Release date: November 2026

Road names: Crab Orchard & Egyptian Ry., Kansas City Southern, Missouri Pacific, Potash Corp., Southern Pacific Santa Fe, and Union Pacific.

WHAT'S NEW

Athearn Genesis Electro-Motive Division GP50 diesel locomotive

Price: Direct-current model, \$249.99; with DCC and sound, \$349.99

Manufacturer: Athearn Trains, 2904 Research Rd., Champaign, IL 61822; 800-338-4639; athearn.com

ABOUT US

We are Division 4 of the Mid-Central Region of the National Model Railroad Association. (DIV-4 MCR NMRA).

With more than 200 members from Cuyahoga, Erie, Huron, Lorain and Medina counties in the state of Ohio.

The North Coast Division meetings are normally held on the second Friday of the month, to hear guest speakers, share skills, have railroad related clinics, and to share common problems and successes. Many of us get together informally in round-robin sessions to operate and work

An old UP caboose sits WTRJ yard in Wichita Falls Texas.
